EDUCATION

University of Michigan School of Information, Ann Arbor, MI **May 2027**
Bachelors of Science in Information (BSI), Major in User Experience (UX) Research and Design, Minor in Music
GPA: 4.0 / 4.0
Relevant Coursework: Designing AR/VR Experiences; Graphic Design; Web Design, Development, and Accessibility
Awards: Michigan Marching Band Raab Family Scholarship (2026); H. Robert Reynolds Scholarship (2025)

PROJECT EXPERIENCE

Michigan Marching Band Website Redesign - *Advanced Design* - University of Michigan **Jan 2026 - Mar 2026**
- Collaborated with a partner to redesign the Michigan Marching Band website for a course project, modernizing its visual identity and restructuring information architecture to improve usability for prospective and current members
- Designed a high-fidelity, interactive, and responsive Figma prototype with mobile, tablet, and desktop breakpoints using responsive design and accessibility-informed web design principles
- Built a reusable design system featuring dark mode styles, card components, responsive navigation patterns, and image-focused content callouts to support visual consistency and scalability
- Redesigned the audition page experience around first-time visitors, simplifying dense information and incorporating visual hierarchy and supporting graphics clarify audition requirements, next steps, and navigation

Apple Fitness+ Usability Study - *Introduction to Qualitative Methods* - University of Michigan **Feb 2026 - Apr 2026**
- Worked on a four-member research team to evaluate how first-time Apple Fitness+ users discover workouts, organize content, set goals, and customize their experience through a course-based, independent usability study
- Conducted and analyzed 12 user interviews and 12 moderated, in-person usability tests, producing rich qualitative data on user behaviors, needs, pain points, and mental models of guided workout platforms and Apple Fitness+
- Cleaned and reviewed interview transcripts, synthesized findings through affinity diagramming, and completed a comparative analysis of four guided-workout platforms, including direct, indirect, partial, and analogous competitors.
- Translated research insights into evidence-based recommendations for navigation terminology, search and filtering controls, workout scheduling, goal tracking, and progress visualization

Pittsburgh 311 Data Research Project - *Introduction to Quantitative Methods* - University of Michigan **Mar 2026 - Apr 2026**
- Investigated Pittsburgh 311 service-request patterns and determined they could not produce complaint signatures that predict neighborhood income levels, adapting methods from prior research on large metropolitan areas like New York and Chicago.
- Programatically merged and cleaned more than 25,000 public 311 records with American Community Survey data and consolidated 247 complaint types into 24 thematic categories for analysis
- Applied Kruskal–Wallis tests across low-, middle-, and high-income groups, created heatmaps and grouped bar charts in Python to visualize neighborhood complaint patterns, and generated statistical and ethical analyses for the results

SKILLS

UX Design: Prototyping, Design Systems, Accessibility, Responsive Web Design, Information Architecture, Project Management
UX Research: User Interviews, Usability Testing, Competitive Analysis, Qualitative Data Analysis, Affinity Diagramming
Design Tools: Figma, Framer, Adobe Photoshop, Illustrator, Premiere Pro, After Effects, Unity, Google Workspace, MS Office
Development and Data Analysis: Python, HTML/CSS, SQL, Django, APIs and Web Scraping, Data Visualization, Data Cleaning

PROFESSIONAL EXPERIENCE

The Cavaliers Drum and Bugle Corps **Rosemont, IL**
Visual Staff Intern **Nov 2026 - Aug 2027**

Aviator Cookie Company **Midland, MI**
Team Member **Apr 2021 - Jun 2023**
- Managed closing responsibilities and daily store finances, completed ServSafe certification, and intermittently oversaw store
- Fostered healthy working relationships with more than 12 coworkers

Midland Area Community Foundation **Midland, MI**
Access to Community Board Member **Nov 2022 - Apr 2023**
- Served on the Access to Community committee, a board of the Midland Area Community Foundation, a foundation that distributed over $12 million to programs and nonprofits in Midland County
- Provided sole youth perspective while evaluating plans to improve accessibility around Midland County

LEADERSHIP EXPERIENCE

Michigan Marching Band, Ann Arbor, MI **Feb 2025 - Present**
- Served as co-rank leader for 11-member snare drum section, lead rehearsals, and structured musical and visual practice plans
- Coordinated rehearsal logistics for 30+ member drumline, partnering with other student leaders and instructional staff
- Mentored sectionmates with individualized feedback, fostering full ensemble accountability, confidence, and cohesion
